See You In Church Sunday
What Of The Future?
Last Sunday ended the "go to church" campaign sponsored by the Grayling Ministerial Association. The visible results of the campaign, although not spectacular, were gratifying; the invisible results were much greater.
We want to thank Bob Strong for his fine co-operation and assistance, those of you who have co-operated with us by attending your church, the Kiwanis Club for sponsoring trailers, and a series of talks to their club by the clergy of the community, and also the other clubs which co-operated within their group.
Yes, the campaign is over, but there are still some factors that remain. The fact that there are three out of every five persons in Grayling that do not attend church regularly; the fact that all of us are responsible to our Creator to a greater sense than we are to our family or to our country; and the fact that all of us owe it to our selves and to our families to perpetuate the "American way of life"—which is one of the flowers of Christianity. The "flower" will die if we cut it from its root—Christianity. We do just that by failing to attend and support our church.
Christianity is the only force for good in our world today! Let us back it one hundred per cent, making it the strongest force in our town by seeing each other in church Sundays.
Herbert T. Sebree.

Proclaims April As Cancer Month
WHEREAS: The fearsome disease, cancer, represents a serious community problem in Grayling as it affects the average of one of every two families in our city.
WHEREAS: It is known measures can be taken to cut down the present cancer death rate, easing the tragedy for individuals and lightening the community burden of the great social and economic losses resulting from this high death rate.
WHEREAS: Cancer Control, to be effective, must be the vital concern of each and every one of us, therefore, I, Albert L. Roberts, Mayor of the City of Grayling, hereby proclaim April the Cancer Control Month and request that the citizens of this city observe it as such. I request that all individuals—for the protection of themselves and their loved ones—learn the essential facts about this disease. I further request that all individuals, institutions, businesses, and organizations support, co-operate with and assist the American Cancer Society in the 1950 Cancer Crusade.

Farmers Get Census Questionnaire By Mail
Between March 22nd and March 27th, copies of the 1950 Census of Agriculture questionnaire were placed in the mailboxes of all farmers in Crawford County, W. J. Kelly, Census District Supervisor, said today. Farmers are requested by the Census Bureau, U. S. Department of Commerce, to fill in the questionnaires in time to have them ready to give to Census takers who will call on and after April 1 to take the Censuses of population and housing and to collect the Census of Agriculture reports.
Distribution of the Agriculture questionnaire is being made in advance of the Census enumerators' visit to afford farmers time to consult their records for information about their farms and farm production during the year 1949.
Mr. Kelly said. This method, he pointed out, will save time for both the farm operator and the Census enumerator.
The system of self-enumeration by farmers is being employed by the Census Bureau for use in 41 States. Self-enumeration will not be employed in the seven Southern States of Alabama, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, and part of Arkansas, because of complexities presented by tenant and landlord farm operations in those states.
All farmers in this county should have received the questionnaire by March 27, allowing them about a week in which to fill in the answers to questions before Census takers start their rounds on April 1.

Crowd Enjoys Junior Play
The Junior class was host to a large crowd of people on March 15th, when they presented their class play, "We Shook the Family Tree." The play was under the direction of Mrs. Roy Milnes, who deserves special mention for a job well done.
Hildegard Dolson. Betty Mathewson gave the crowd many thrills as she tried every scheme she could think of to procure a pair of long pants for her prom date, Freddie Sherman played by Freddie Kessler. Freddie was forced by his old-fashioned parents, Barbara Klein and Lee Nolan to wear knickers. Other members of the Dolson family were Jimmy, Sally and Bob Dolson played by Doug Welch, Ann Holm and Dicy Souders respectively, also Mr. and Mrs. Dolson, Howard Babbitt and Joan Bond.
Hildegard convinced everyone that her father was the town drunk by winning the school debate "Should We Bring Back Prohibition?" Her parents punished her by making her attend the prom with Freddie.
Paige, Don Anthony, the little boy next door caused much merriment by securing Mr. Dolsons old love letters and peddling them around town.
Jill, Jackie Kolka, and Ellie May, Pat Stephenson were girlfriends of Hildegard, the latter being Bob Dolson's prom date.
When every idea for getting long pants had failed Freddie brought an exciting climax to the evening by breaking into his home stealing his graduation gift, selling it and purchasing them.
Each part in the play was well portrayed with special mention going unanimously to Dick Souders for an especially fine performance.
The class wishes to thank every one who helped make the play a success.

City To Install Parking Meters On Michigan, Cedar
Meters Will Be On Six Month's Trial
The City Council of Grayling at a special meeting held last week voted to place parking meters on three blocks of Michigan Avenue and on two blocks of Cedar Street. The vote was for a six months trial and was four votes for and one member, George Burke, absent.
The meters will be installed on both sides of Michigan Avenue from the New York Central railroad track to Spruce Street and on the east side of Cedar Street from Ionia Avenue to Ottawa Street. The meters will be placed about May 1 and will go into immediate operation. Angle parking will be continued on Michigan with parallel parking on Cedar. All center of the street parking will be eliminated on Michigan Avenue. City Manager Max Davenport said.
The meters will be set for two hours which will cost 10c. However pennies can be used in the machines with each penny giving 12 minutes of parking time. No meters will be set in front of the Grayling Postoffice, but, a 15 minute limit on parking will be effective in the space. This is to allow people to park long enough to mail letters or parcels.
There is absolutely no obligation on the part of the City of Grayling to the Park-O-Meter Company, who are installing the meters, Manager Davenport said. At the end of the six months trial period, if the City deems the meters not usable here, the meter company will take them out. If, however, the City decides to keep them, the meter company will take one-half of all collected by the meters until they are paid for. The meters will be operated weekdays, except Sundays, from 8 A. M. until 6 P. M.
At the Council's regular March meeting, they adopted a new electric rate which will go in effect on Saturday, April 1. The new rates are now in line with the rates of other electrical energy producers. For a complete list of the new rates, see page 5 in this weeks edition.

Flint Wedding Of Interest Here
Gowned in lace over candlelight satin, Carrie Marie Cregue came down the aisle of the Community Presbyterian Church of Flint Saturday evening, March 18, in the arm of her brother, Theodore Cregue, to plight her troth with Eugene Van Ossdol, of Detroit, before an assembly of more than 300 guests.
The church was decorated with palms and huge baskets of white delphinium, snapdragons and calla lilies and softly lighted with candles in tall candelabra.
Miss Paula Hartman sang "I Love You Truly" and "Because."
The Rev. Dr. E. H. Longman read the service.
The bride's gown was fashioned with jewel neckline and draped bertha above the basque bodice and the skirt ended in a train. Her fingertip veil fell from a satin headress trimmed with pearls from the wedding dress of her aunt, Mrs. Fred Swan. She carried a crescent bouquet of Snow White roses, Stephanotis and white feathered carnations.
Miss Loraine Martin of Detroit, was maid of honor, and Mrs. Ruth Osinski (cousin of the bride), also of Detroit, was bridesmaid. Both wore gowns of pale blue marquisette over blue taffeta, styled similar to that of the bride. Hats matched the gowns and both carried crescent bouquets of Coral Reef roses and blue iris.
Jack Van Ossdol of Chicago was best man for his brother, and ushers were Harold Soper and George Valentine of Detroit, former classmates of the groom at the U. of M., and the bride's brother, Richard Cregue, home from St. John's Military Academy. The bride's mother wore navy blue lace over taffeta with pale blue and navy accessories, and the groom's mother wore coral taffeta with matching headress.
The bride is the daughter of Mr. and Mrs. Edward W. Cregue of Holly, formerly of Flint, and the groom is the son of Mr. and Mrs. Harley Driesbach of Holly. Mrs. Cregue will be remembered in Grayling as Elvira Rasmussen.
Following the ceremony a reception for the 300 guests was held at the home of the bride's mother.

Kiwanis Club Notes
Rev. Herbert T. Sebree of the Grayling Free Methodist Church spoke at Monday night's meeting of the Kiwanis Club of Grayling at the Lone Pine Inn.
Rev. Sebree appeared as the second of five speakers which the Grayling Ministerial Association is presenting to the club upon invitation. The speaker dwelt at some length on the phenomenal growth of the Youth for Christ movement and the interdenominational groups that were gathering together in the face of the spread of atheistic Communism.
He pointed out that groups such as the Grayling Ministerial Association, representing all faiths, were springing up everywhere in the world outside of the "iron curtain." He said that a great movement was underway to Christianity as people became aware that science, on which most of the world relied, was only as good as the person in whose hands it was. Materialism also is fast disappearing as people are turning back to Christ as the real and only Saviour, Rev. Sebree declared.

North Branch

Birthday greeting go to Mrs. Jake Stillwagon this week. Happy birthday Vila, may you have many, many more years as good as those already past.

Floyd Hyslop was a guest last week of his aunt, Mrs. J. E. Kellogg. Mr. Hyslop of Higgins Lake recently returned from a tour of the western state where he visited Mr. and Mrs. Bill Sandusky (Evelyn Kellogg) in Thermal California and Mrs. and Mrs. Donald Kellogg and family in Tucson, Arizona.

Before returning to Michigan he spent a month in Fort Lauderdale, Florida. He was away two and one half months.

Mr. and Mrs. Harold Johnson and family were in Bay City and Saginaw on Thursday.

The North Branch Sunday School contest came to a close last Sunday, after eight weeks of very profitable Bible study. Captains of the teams were Barbara Johnson and Glenda Kellogg. There was a total attendance of 96 with 12 members attending each Sunday. There were 170 Bible verses memorized. All of the books of the Bible were memorized and points were given for attendance, Bibles brought to Sunday school, books of the Bible and verses learned each week. Glenda's side won the contest by 40 points.

Climax of the contest was a small banquet giving the winning side by the losers. The tables, seating 19 people were decorated in green and white, crepe paper streamers, yellow candles on the adult table and bunny and egg candles on the children's table. Multicolored plastic nut cups filled with Easter eggs and Easter napkins carried out the Easter motif, by Mrs. Harold Johnson. The party was held at

the home of Mrs. Clayton Kellogg on Friday evening. The losing side entertained the winners by having Mr. Peder Olson show his movies of the frozen north and the pigmy tribes of the jungle, along with several other very interesting reels, lasting nearly two hours. Awards were given each child present for their efforts during the contest, whether winner or loser. Those present were Mr. and Mrs. Harold Johnson, Barbara Lewis and Janet, Mr. and Mrs. Charley Wade, Marilyn, Barbara, Jerald, Judy and Steve, Mr. and Mrs. Peder Olson and David and Mr. and Mrs. Clayton Kellogg, Glenda and Bill. Thanks children for your wonderful co-operation.

Jack Wade is in Fort Knox, Kentucky, guest of Uncle Sam. Anyone wishing to write to Jack may obtain his address, from his parents or watch this column later for his address.

The activities of the southern tip of Lovells township have been postponed due to the new one way boulevard between North Branch Grocery and points north, till you hit bottom. See Jake Stillwagon for the rental of a horse for touring and dray service.

Ahead of Grandpa

The huge meals Americans are supposed to have eaten 40 years ago or so are something of a legend. According to it, incredible quantities of steaks, roasts and everything else made the dinner table groan three times a day.

The fact is, however, that this year the average American will eat about five more pounds of meat than his forebear consumed in 1910. And what makes that particularly remarkable is that our human population has increased by 63 per cent since 1910 while the meat animal population is only twenty-seven per cent greater.

What has happened is that, in 40 years, enormous progress has been made in the meat industry in all its branches. Many farmers now market two pig-crops a year instead of one. Beef is fattened more quickly. Loss of animals has been reduced through better sanitation and handling methods.

The packers of meat have held up their end too. Meat is a highly perishable food, yet spoilage is virtually non-existent. All of the meat is utilized, and all of it moves into the channels of consumption in wholesome condition. And, finally, the retailer, with his dependable sources of supply is able to keep on hand just the right kinds and quantities of meat for his trade.

The point is that we Americans eat better, more healthful and more nutritious meals than we ever did before. We consume more of the vital proteins—elements which have a direct bearing on stamina and physical and mental well-being. We're ahead of grandpa!

Two housewives, while waiting their turn at the grocer's, were overheard discussing the last depression. "It came at such a bad time," said one. "Just when everybody was out of work."

Your Budget, too, says

WELCOME SPRING!

How about it—got that "new-car" fever?

Got a hankering to take hold of a brand-new wheel—touch off the power in a smooth, firm, lively new engine—set out to meet spring in fresh new styling and sparkling colors?

Got a suppressed desire to make it really something good this time—and step away in a Fireballing new Buick,

with all its room and comfort and standout styling?

Well—why not?

You know there's no better buy you can make—and no wider choice than you're going to find among Buick's array of beauties for 1950.

You know there's no livelier action—no smoother ride—no roomier comfort for the money than you'll find right here.

And if you don't know it—we'd like to repeat this:

If you can afford a new car, you can afford a 1950 Buick.

The SPECIAL's prices start just above the lowest bracket. You can choose between thrifty standard-finish models—and

de luxe versions a bit richer in trim and outside finish.

You can have a Coupe, two-door or four-door models—sleek-lined jetbacks or tourbacks with roomy luggage compartments.

You can dress them up, if you like, with a long list of added equipment—including 1950 Dynaflo Drive* for instance—or hold the list down to the essentials everyone wants.

And your budget is going to find continuing reason to be content that you blossomed out in a Buick.

For in the hands of owners, the SPECIAL is proving thrifty to run as well as thrifty to buy—and what more could you ask?

Which suggests—why not see your Buick dealer now and ask him the exact details and prices, trade-ins, delivery and terms?

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

TALL TIMBER TALES.

OF PETER

No one knew when dawn came and daylight began taking the place of the light from the burning rollways. A great many logs had been rolled into the river, a few of the higher docks had broken of themselves and a few logs had gone splashing into the water, to drift quickly down stream on the swift river current. The wigan had broken loose during the night and that too, was drifting somewhere below, heading for the rapids where it would be smashed on a thousand rocks. Less than a dozen men were in the bunkhouse when at eight

o'clock they were summoned to the cook shanty for a late breakfast, the rest were accounted for by the smoke of backfires throughout the settlement. Men were not interested in what they ate, their faces were haggard from the night's work, their minds on the tragedy that had overtaken them. Clay and Johnnie were among those who staggered back to the bunkhouse, silently getting out their pipes and stretching their weary frames on the benches or throwing themselves across their bunks.

It was almost supernaturally quiet. The wind had gone down some time in the early morning hours, and now the rain came quietly down as though to mock the men who had been backfiring around their home. The rollways were just a smoldering mass. "We'd better go up an' see Bonnie, Clair said. 'There's logs running loose, nobody knows how many.' Johnnie nodded, and they started for the door only to be blocked by two stalwart woodsmen who barred their way.

"You ain't goin' no place," one of the men said, "there's wirty work to be accounted for." You boys'll get your chance to talk, but not till the sheriff comes. You wouldn't want to go out in the rain, any how, and get all wet. The man's face was a mask except for the warning glint in a pair of steady gray eyes. His partner said nothing but he was none the less alert for any move that Clay or Johnnie might make. Puzzled, Clay and Johnnie looked at each other then at the two men. This was no time to start a fight, nerves were raw and more of the lumberjacks were gathering round, silent but just waiting for something to start. There was more behind this than met the eye.

"We know there's been dirty work," Clay said, "that fire didn't start all by itself. But there's the wigan loaded with stuff loose on the river. an' logs that'll pile-up on the first rapids. We can't just sit here an' let 'em ride, what kind of idea you boys got, think we burned the rollways? H... you know better. We come up to bring 'em down, not to burn 'em up. We want to get Bonnie's O. K., an' start right out after 'em."

There was a moment of silence, broken only by the deep breathing of the men who now formed a circle around Clay and Johnnie. "We're havin' all we can do to keep our hands off of you fellers," the big man who so far had done all the talking said, "we're only waitin' fer the Law. Ye see we know one of you fellers killed Bonnie some time durin' the night."

"Curfew Shall Not Ring Tonight"

Our ten o'clock curfew lasted for 60 years, but the town council voted it out. I dropped in at the meeting in Town Hall last week just in time to hear Smiley Roberts.

"The curfew is old-fashioned," says Smiley. "We ought to be grown-up enough by now to behave like grownups. Seeing to it that our kids get to bed is the responsibility of each family." Then Judge Cunningham adds, "Most of us are in bed when the curfew horn blows anyway. It wakes me up just when I'm getting to sleep!"

What the Judge said was good for a laugh, but Smiley just about summed up how folks think in this town. We believe that the democratic tradition of "live and let live" is the only way to live.

From where I sit, it's not the American way to regulate your life by a horn—any more than it's right to criticize my caring for a temperate glass of beer now and then. Think what you wish, say what you wish, but don't ask your neighbor to do exactly as you do!

In the Matter of the Petition of Muri K. Aten, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

On reading and filing the petition of the Auditor General of the State of Michigan praying for a decree in favor of the State of Michigan, against each parcel of land therein described, for the amounts therein specified, claimed to be due for taxes, interest and charges on each such parcel of land, and that such lands be sold for the amounts so claimed by the State of Michigan.

It is ordered that said petition be brought on for hearing and decree at the April term of this Court, to be held at Grayling in the County of Crawford, State of Michigan, on the 11th day of April, A. D. 1950, at the opening of the Court on that day, and that all persons interested in such lands or any part thereof, desiring to contest the lien claimed thereon by the State of Michigan, for such taxes, interest and charges, or any part thereof, shall appear in said Court, and file with the clerk thereof their objections thereto on or before the first day of the term of this Court above mentioned, and that in default thereof the same will be taken as confessed and a decree will be taken and entered as prayed for in said petition. And it is further ordered that in pursuance of said decree the lands described in said petition for which a decree of sale shall be made, will be sold for the several taxes, interest and charges thereon as determined by such decree, on the first Tuesday in May thereafter, beginning at 10 o'clock a. m. on said day, or on the day or days subsequent thereto as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the office of the county treasurer, or at such convenient place as shall be selected by him at the county seat of the County of Crawford, State of Michigan; and that the sale then and there made will be a public sale, and each parcel described in the decree shall be separately exposed for sale for the total taxes, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a conveyance of the smallest undivided fee simple interest therein; or, if no person will pay the taxes and charges and take a conveyance of less than the entire interest, then the whole parcel shall be offered and sold. STATE OF MICHIGAN.

In the Circuit Court for the County of Crawford
In Chancery.

In the Matter of the Petition of Muri K. Aten, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

To the Circuit Court for the County of Crawford, in Chancery:

Muri K. Aten, Auditor General of the State of Michigan, respectfully shows unto the Court:

1. That he is the Auditor General of the State of Michigan and makes and files this petition under, by virtue of and pursuant to the provisions of Act No. 206 of the Public Acts of 1933, as amended, and Act No. 126 of the Public Acts of 1933, as amended;

2. That Schedule A annexed hereto is the tax record required by the act first above mentioned and contains the description of all lands in the aforesaid county upon which taxes, which were assessed for the years mentioned therein, have remained unpaid for more than one year after they were returned as delinquent, the description of all lands in said county heretofore bid off in the name of the State and thus held and upon which taxes which were assessed subsequent to the tax for which such lands were sold to the State have remained unpaid for more than one year after they were returned as delinquent, and the description of all lands in said county which are delinquent for any installment of taxes under the provisions of the act last above mentioned;

3. That extended separately in said schedule against each description of said lands therein contained are (a) the total amount of delinquent taxes upon said description for the non-payment of which the same may lawfully be sold at the next annual tax sale, (b) interest computed thereon as provided by law to the first day of May, next ensuing, (c) a collection fee of four per cent, and (d) \$1.00 for expenses, all in accordance with the provisions of the act first above mentioned;

4. That all of the aforesaid taxes, interest and charges are valid, delinquent and unpaid, and have remained delinquent and unpaid for sufficient time to authorize and require, as provided by the foregoing acts, the sale of the aforesaid parcels of land against which they were assessed and are extended in said schedule at the next annual tax sale for the non-payment thereof, and that the said taxes, interest, collection fee and expenses so extended in said schedule against each parcel of land therein described constitute a valid lien upon each of the said several parcels of land described in said schedule as therein and against which extended in favor of the people of the State of Michigan, the payment of which lien this court may enforce as a preferred or first claim upon such lands by the sale thereof.

Wherefore your petitioner prays:

a. That within the time provided by law this court may determine and decree that the aforesaid taxes, interest, collection fee and charges are valid and constitute a valid lien upon each of the said several parcels of land described in said schedule as therein extended;

b. That within the time provided by law this court make a final decree in favor of the State of Michigan against each parcel of said lands for the payment of the several amounts of taxes, interest, collection fee and expenses, as computed and extended in said schedule against the several parcels of land therein contained;

c. That said decree provide that in default of the payment so ordered of the said several sums computed and extended against said lands in said schedule, the said several parcels of land, or such interest therein as may be necessary to satisfy the amount decreed against the same, shall severally be sold as the law provides;

d. That your petitioner may have such other and further relief in the premises as to this court may seem just and equitable.

And your petitioner will ever pray, etc.

Dated: February 2, 1950.

MURI K. ATEN,
Auditor General of the State of Michigan,
for and in behalf of said State.
